Attorneys at law, since 1898

Founded in 1898 in Omaha, Nebraska, Fraser Stryker is one of the most respected law firms in the region. We are proud of our community and our many relationships with local businesses and people. Our history in Omaha gives us a unique perspective that clients find beneficial.

As we've grown, clients from across the country have discovered that Fraser Stryker attorneys possess the knowledge and experience to handle complex legal issues. Fraser Stryker has a strong national reputation for helping companies and multinational corporations protect their assets while pursuing the best opportunities.

The relationships we build with our clients are our key to success. As trusted advisers, we learn all we can about our clients so that we can quickly assist them with opportunities and challenges, as well as serve their day-to-day needs. Our commitment to each relationship allows our team to proactively serve and support our clients in the short and long terms.

Another important value for Fraser Stryker is operating from a team approach, rather than the traditional hierarchical structure. Attorneys collaborate with those in their practice groups as well as with attorneys with specialties to gain access to a greater depth of insight and experience. This approach allows us to deliver comprehensive representation to our clients based on input from experts in each relevant practice area.
